STAY IN SOUTH

Speaker at Big Meeting Urges Negroes to Do This.

Despite the snowy weather, a large crowd of negroes and quite a number of white people were at True Reformers' Hall on Friday night, the occasion being the celebration of the birthday of General S. C. Armstrong, the founder of the Hampton Normal and Agricultural Institute.

The principal speaker of the evening was R. R. Morton, of the institute, who was introduced by D. Webster Davis, one of the most prominent colored teachers here. Morton's speech was eulogistic of the life of General Armstrong and his methods of teaching the negroes.

The speaker advised the negro to remain in the South and work out his destiny among the people who know him, and the best classes of whom are favorable to his advancement. They must, he declared, cease to seek sympathy because of their color, but must combat conditions upon their own merits.

Danderine

GREW MISS CARROLL'S HAIR
AND WE CAN
PROVE IT
Beautiful Hair At Small Cost.

WITHIN the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Dr. Knowlton's DANDERINE

Is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

FREE To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

Tired, Worn-Out Mothers

Mrs. Lydia H. Josselyn, 501 Westminster St., Providence, R. I., is Treasurer of the Editors' League of Rhode Island, chartered in Providence. She writes:

"My experience with Peruna has been most gratifying. Last winter I contracted a severe cold, and for several days I coughed until my voice failed me. When other remedies did me no good, I decided to try Peruna, and within four days the cold was broken up and the cough abated.

"Within another week an increase in my usual strength and vitality told me that Peruna was doing all that it promised, and more. I also consider it very superior for tired, worn-out mothers, and have advised several to try it, and have seen most gratifying results from its use.

"I give it highest praise."

Bowel Trouble.

Mrs. Maggie Durbin, 1322 North St., Little Rock, Ark., writes:

"I was troubled for five years with a chronic disease. I tried everything I heard of, but nothing did me any good. Some doctors said my trouble was catarrh of the bowels, and some said consumption of the bowels.

"One doctor said he could cure me. I took his medicine two months. But it did me no good.

"A friend of mine advised me to try Peruna, and I did so. After I had taken two bottles I found it was helping me, so I continued its use, and it has cured me sound and well.

"I can recommend Peruna to any one, and if any one wants to know what Peruna did for me, if they will write to me I will answer promptly."

Peruna is a household remedy of great merit, and is useful in many climatic ailments, such as coughs, colds, sore throat, bronchitis and catarrhal diseases generally. Thousands of families have learned the use of Peruna and its value in the treatment of these ailments.

Biliousness, Indigestion.

Mrs. Lena R. Moudy, 556 Caywood St., Portland, Oregon, Sec'y Royal Tribe of Joseph, writes:

"For the past six years biliousness and pains in my back and limbs made life miserable to me. My skin was sallow and dry, and indigestion was added to my troubles. I was weak at night, and would get a weak, faint feeling during the day, so that I was not fitted to attend to my regular duties. This caused me serious annoyance and trouble, and I naturally tried many remedies, hoping to get relief.

"Peruna came as a friend in need. It toned up the system, relieved the blood of the poisons, and induced a healthy action of the stomach, a fine appetite and restful sleep.

"Within three months I was a changed person, and for nearly a year now I have enjoyed splendid health."

A Grateful Patient.

Mrs. Eliza J. Cazeau, R. F. D. 2, Bedford, Ind., writes: "I have been cured by using Peruna and Manalin. I thank you for your advice."

Restorer of Lost Strength.

Mrs. Bessie Farrell, 1011 Third Ave., Brooklyn, N. Y., is President of the Young People's Christian Temperance Association. She writes:

"Peruna is certainly a valuable nerve and blood remedy, calculated to build up the broken-down health of worn-out women. I have found by personal experience that it acts as a wonderful restorer of lost strength, assisting the stomach to assimilate and digest the food, and building up worn-out tissues. In my work I have had occasion to recommend it frequently, especially to sick women.

"I know of nothing which is better to build up the strength of a young mother. In fact, all the artists I have known to women, so I am pleased to give it my hearty endorsement."

Pe-ru-na a Woman's Friend.

Mrs. Ella Embree, Clark, Mo., writes: "I am feeling better than I have felt for years. I can truthfully say that Peruna is a woman's friend. I have no more terrible pains, and am stronger than I have been. Your medicine has worked like a charm."

Nervous Dyspepsia.

Mrs. J. C. Jamison, 61 Marchant St., Watonsville, Cal., writes:

"I was troubled with cramps in the stomach for six years. I tried many kinds of medicine, also was treated by three doctors. They said that I had nervous dyspepsia. I was put on a liquid diet for three months. I improved under the treatment, but as soon as I stopped taking the medicine I got bad again. I took the medicine for two years, then I got sick again and gave up all hopes of getting cured.

"I saw a testimonial of a man whose case was similar to mine being cured by Peruna, so I thought I would give a trial. I procured a bottle at once and commenced taking it. I have taken nineteen bottles, and am entirely cured. Have gained in strength and flesh, and feel like a different person.

"I believe Peruna is all that is claimed for it."

Catarrh and Hay Fever.

Mrs. Kate Skinner, R. R. 6, Plattsburg, N. Y., writes that Peruna cured her of catarrh of the head and hay fever.

Pe-ru-na the Family Doctor.

Mrs. M. E. Seymour, R. F. D. 2, Bowman, Ga., writes:

"I am ready to speak a few words in favor of Peruna and Manalin. I have tried them for nearly every ill of life for myself and family, and find them to be all the doctor claims them to be. Peruna cured me of internal trouble when my doctor could not.

"My advice to all suffering women is, consult Dr. Hartman. What he has done for me he will do for you."

Pe-ru-na in Tablet Form.

For two years Dr. Hartman and his assistants have incessantly labored to create Peruna in tablet form, and their strenuous labors have just been crowned with success. People who object to liquid medicines can now secure Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

TURNBULL FOR CONGRESS.

Brunswick County Man in the Race for U. S. District.

In a letter received here yesterday, Hon. Robert Turnbull, of Brunswick, announced his candidacy for a seat in Congress from the Fourth Congressional District.

Mr. Turnbull represented the district composed of the counties of Lunenburg, Nottoway and Brunswick in the State Senate in 1896-1898 and 1897-1899, to which position he was elected without opposition. He declined to be a candidate again because he claimed it was Lunenburg's time to have the Senator from that district. He was a delegate from the Fourth District to the Democratic National Convention in 1896, and again in 1901. He was the Democratic elector from this district in the year 1900, and was elected without opposition from his party to the Constitutional Convention in 1901, and faithfully represented his people, having been placed on the platform of the most important committees in that body.

Mr. Turnbull is a lawyer of recognized ability, and a stump speaker who has had wide experience.

JOINT SESSION.

Council to Elect Superintendent of Water Department on February 11th.

At the request of five members of both branches of the Board of Aldermen, yesterday called a joint session of Council for February 11th at 7:30 o'clock, to elect a Superintendent of the Water Department. The resignation of Mr. Charles E. Bolling as superintendent will be officially acted upon at that time.

The call for the meeting is evidence of the fact that an effort will be made to elect a superintendent at once, without delaying that important matter pending the movement to effect a consolidation of various city departments. The candidates are E. Eugene Davis, assistant superintendent; William P. Marshall and W. H. Woody, Jr.

This week's meetings of the Council committees will be as follows:

THROWS DRIVER OUT AND IS KILLED BY CAR

Runaway Horse, After Collision With Car on Church Hill, Meets Death on Main Street.

After having been run into by a heavy dray driven by a negro, and then overturning the buggy and throwing out his driver, Dr. A. L. Coffman, of No. 2108 East Broad Street, near where the first accident occurred, the horse, thoroughly terrified, broke loose from his trappings, and with a small bit of shaft hanging to him, and strips of harness dangling from his sides, charged down from Church Hill last night, and on Main Street ran head-on into a Clay Street car, and was instantly killed. The accident was unavoidable. The terror-stricken animal never swerved from his course until brought up by his collision with the car. People inside became momentarily frightened at the sudden stopping of the car and the sound of shattering glass, but no one was injured. The accident occurred between Fifteenth and Seventeenth Streets, just east of the Main Street Station.

Dr. Coffman was not hurt by his spill, but was covered with mud from head to foot. The name of the negro driving the dray was not learned last night.
